TRAUMA RECOVERY CLINIC

Trauma Recovery Clinic

The immediate effects of trauma include both emotional and physical symptoms which often result in lasting physical and emotional effects. Georgia Psychological Services developed the Trauma Recovery Clinic to provide acute therapeutic services to victims of traumatic events. We serve children, adolescents, and their families in an out-patient setting. Trauma Recovery Clinic therapists are licensed professionals, trained and experienced in treating victims of trauma. Assessment, therapeutic, and educational services are provided in individual, group, and family modalities. Out-patient psychiatric services and medication management are available to Clinic patients.

Services

- Assessment and triage
- Crisis intervention
- Individual psychotherapy
- Group therapy
- Family therapy
- Development of coping skills
- Psychiatric assessment
- Medication management
- Referral for long-term follow-up
- Community education
